AN ACT

To repeal section 335.016, RSMo, and to enact in lieu thereof one new section relating to advanced practice nurses.

Be it enacted by the General Assembly of the State of Missouri, as follows:

Section A. Section 335.016, RSMo, is repealed and one new section enacted in lieu thereof, to be known as section 335.016, to read as follows:

335.016. As used in this chapter, unless the context clearly requires otherwise, the following words and terms mean:

(1) "Accredited", the official authorization or status granted by an agency for a program through a voluntary process;

(2) "Advanced practice nurse", a nurse who has had education beyond the basic nursing education and is certified by a nationally recognized professional organization as having a nursing specialty, or who meets criteria for advanced practice nurses established by the board of nursing. The board of nursing may promulgate rules specifying which professional nursing organization certifications are to be recognized as advanced practice nurses, and may set standards for education, training and experience required for those without such specialty certification to become advanced practice nurses. **Advanced practice nurses and only such individuals may use the title "Advanced Practice Registered Nurse" and the abbreviation "APRN";**

(3) "Approval", official recognition of nursing education programs which meet standards established by the board of nursing;

(4) "Board" or "state board", the state board of nursing;

(5) "Executive director", a qualified individual employed by the board as executive secretary or otherwise to administer the provisions of this chapter under the board's direction. Such person employed as executive director shall not be a member of the board;

(6) "Inactive nurse", as defined by rule pursuant to section 335.061;

(7) A "licensed practical nurse" or "practical nurse", a person licensed pursuant to the provisions of this chapter to engage in the practice of practical nursing;

(8) "Licensure", the issuing of a license to practice professional or practical nursing to candidates who have met the specified requirements and the recording of the names of those persons as holders of a license to practice professional or practical nursing;

(9) "Practical nursing", the performance for compensation of selected acts for the promotion of health and in the care of persons who are ill, injured, or experiencing alterations in normal health processes. Such performance requires substantial specialized skill, judgment and knowledge. All such nursing care shall be given under the direction of a person licensed by a state regulatory board to prescribe medications and treatments or under the direction of a registered professional nurse. For the purposes of this chapter, the term "direction" shall mean guidance or supervision provided by a person licensed by a state regulatory board to prescribe medications and treatments or a registered professional nurse, including, but not limited to, oral, written, or otherwise communicated orders or directives for patient care. When practical nursing care is delivered pursuant to the direction of a person licensed by a state regulatory board to prescribe medications and treatments or under the direction of a registered professional nurse, such care may be delivered by a licensed practical nurse without direct physical oversight;

(10) "Professional nursing", the performance for compensation of any act which requires substantial specialized education, judgment and skill based on knowledge and application of principles derived from the biological, physical, social and nursing sciences, including, but not limited to:

(a) Responsibility for the teaching of health care and the prevention of illness to the patient and his or her family;

(b) Assessment, nursing diagnosis, nursing care, and counsel of persons who are ill, injured or experiencing alterations in normal health processes;

(c) The administration of medications and treatments as prescribed by a person licensed by a state regulatory board to prescribe medications and treatments;

(d) The coordination and assistance in the delivery of a plan of health care with all members of a health team;

(e) The teaching and supervision of other persons in the performance of any of the foregoing;

(11) A "registered professional nurse" or "registered nurse", a person licensed pursuant to the provisions of this chapter to engage in the practice of professional nursing.
